

# Juan Carlos Bertotto architectural drawings and photographs

## Descriptive Summary

<b>Repository:</b>	Georgia Historical Society
<b>Creator:</b>	Bertotto, Juan Carlos, approximately 1933-1991.
<b>Title:</b>	Juan Carlos Bertotto architectural drawings and photographs
<b>Dates:</b>	1961-1991
<b>Extent:</b>	13.0 cubic feet (329 architectural drawings, 1 box)
<b>Identification:</b>	MS 1502

---

## Biographical/Historical Note

Juan Carlos Bertotto (circa 1933-1991) was a native of Rosario, Argentina, where he was born in 1932 or 1933. During the mid-1950s, Bertotto came to the United States through the Georgia Rotary Club's student program. He graduated from Georgia Tech. Bertotto was an architect who was particularly interested in historic renovation. He had numerous projects that involved renovations of, or additions to, historic houses and buildings in Savannah, including a cotton warehouse on River Street. In 1988, Bertotto joined faculty of the architecture department at the Savannah College of Art and Design. He was also a past president of the Savannah Architect Association. Bertotto died on October 30, 1991, as a result of suicide.

---

## Scope and Content Note

This collection consists of 329 architectural drawings and photographs belonging to Juan Carlos Bertotto for buildings in Savannah, Georgia, South Carolina, and Florida. It contains many proposals and preliminary drawings, the majority of which are on tracing paper. There are floor plans, sections, elevations, details, and site plans. There are some drawings done by other architects or firms; these may have been collaborative projects, or merely the original plans on which to base renovations. There are also several unidentified drawings and plans. Also included are color photographs of buildings that were some of Bertotto's projects. These photographs show the buildings either before renovation, during construction, or after being built. The collection is divided into two series: photographs and architectural drawings.

## **SERIES 2:: Architectural drawings**

This series contains 329 architectural drawings. A spreadsheet of the drawings is available; the set of drawings that correspond with identified photos is designated by an asterisk to the right of the number on the spreadsheet. The spreadsheet provides two arrangements for the architectural drawings: alphabetically by name or company and alphabetically by location. The location inventory first lists Savannah street names, then lists the other Georgia locations, South Carolina locations, and other miscellaneous locations. Unidentified names or locations are listed at the end of both groups.

See the following spreadsheet for drawing descriptions and numbers.

1502-001: House at Richmond Hill, Jim Williams, 1981

1502-002: Hewell

Type of drawing: Proposal sketches

1502-003: 300 E. 44th St., Mr. & Mrs. B.I. Friedman, 1967 January 7
